1982 GATEWAY PROGRAM SCHEDULE

The Monroe Institute of Applied Sciences is pleased to announce the 1982 Gateway Program Schedule. Due to popular demand and the number of persons that had to be wait-listed for the last several programs, The Institute has scheduled twelve programs for the coming year. All the programs will be held at the Training Center in Faber, Virginia. Participants accepted for the program will be sent the Discovery Album at least one month before scheduled attendance, for in-home preparation.

January 9 - 16
February 6 - 13
February 27 - March 6
